### FORUM AND DEVOTIONAL ASSEMBLIES

Assemblies will be held in the fieldhouse each Tuesday and Thursday at 10 a.m. The Tuesday devotional and Thursday forum assemblies each will carry one credit hour per year or  $\frac{1}{2}$  credit hour per semester. To receive credit for either forum, which includes those assemblies presented by the student body, or devotional assemblies a student must register for and attend eleven each of either the forum or devotional assemblies offered each semester. He also must fill out and sign a final examination card that will be handed out on the last week a forum or devotional assembly is held in each semester.

During a student's college career at B.Y.U. he may apply a maximum of three semester hours of devotional credit toward his religion requirement. Such credit, however, cannot be substituted for the courses required in the first two years of religious instruction. (For full instruction on basic requirements in religion see Page 5 of this schedule.) Credit for forum assemblies may be counted only toward total credit for graduation.

These assemblies are designed to promote spiritual, intellectual, and cultural growth; and every student is encouraged to attend them.

# ACADEMIC REGULATIONS OF BRIGHAM YOUNG UNIVERSITY

Every student is responsible for knowing the academic regulations of Brigham Young University. Any proposed deviation from these regulations must be approved by the agency concerned, usually the Academic Regulations Committee. This committee meets twice each month in the office of the director of admissions and records.

## 1. HOW TO REGISTER

Report to the northeast entrance of the field-house 15 minutes before your scheduled registration time. Written instructions outlining the registration procedure will be given to you at that time.

## 2. FEES—WHERE PAID

Unless otherwise noted, all fees listed in this statement of regulations and procedures are to be paid at the Cashier's Office.

## 3. LATE REGISTRATION PENALTY

Students failing to register on the regularly scheduled registration dates pay a late registration fee of \$5.00 for the first five regular school days following the scheduled registration date. A \$10.00 fee will be assessed following that time. Late fees for special students will be assessed at 50 percent of the rate for regular students. A fraction of an hour is counted as a full hour for assessing fees.

## 4. ADMISSION TO CLASS

Instructors will receive rolls of students in their classes three days after the completion of regular registration. A subsequent roll will be sent out at the end of the fourth week and will include names of all students registering for that class. Students whose names appear on the rolls are officially registered; others should be referred immediately to the Office of Admissions and Records for completion of their registration.

## 5. REGISTERING FOR BLOCK-PLANNED CLASSES

Regardless of whether or not a class is to be taught the first or second half of the semester, any student desiring to register for a block-planned class must do so at the time of his original registration at the beginning of the semester. **No block-plan class may be added after Friday, February 19, 1965.**

## 6. DROPPING AND ADDING CLASSES

Students should exercise great care in completing their initial registration. Making changes in registration results in inconvenience for the student and unnecessary costs for the University.

All changes in registration must be approved by the student's adviser, the instructor(s), and the dean of the college in which the student is officially enrolled. Changes in a student's original program may not be made until February 8. During the period from February 8 through February 19, a student may add and drop classes if his adviser, instructor(s), and dean agree that the change is advisable. When a student officially withdraws from a class during this period, his permanent record does not show a registration for that class. In exceptional cases students may withdraw from classes until April 9. **Withdrawals after February 19, however, are for emergency or unusual circumstances only.** During this period if a student withdraws from a class in which he is doing passing work, his permanent record will carry a "W.") If a student is doing failing work, his permanent record will carry a "WE," which is equivalent to an "E" grade in calculating a grade-point average.

In those cases where it is necessary for a student to make changes in registration, the following procedure should be followed:

- (1) Obtain a change-of-registration card from registration personnel—249 YC from February 8 to February 12, and A-153 ASB from February 15 to February 19.
- (2) Consult with your faculty adviser. If the adviser recommends the change, obtain his signature on the change-of-registration card.
- (3) Obtain the consent and signatures of the instructors involved.

- (4) Obtain the consent and the signature of the dean of your college.

- (5) Pay a one-dollar fee to the University cashier if the change is made February 11 or thereafter.

- (6) Return the change-of-registration card to the registration personnel within three days from the time the card was originally issued.

Any person dropping a class in religion following the initial registration must also add another class in religion or present a signed statement from the dean of the College of Religious Instruction officially excusing him for that semester.

Late registration of students will end on February 19. No student (unless he has just been released from a mission or active duty with the Armed Forces) may register after that date.

Students completely withdrawing from school after February 19 must be doing passing work in each class if they are to discontinue the class without academic failure. In order to officially withdraw from the University it is necessary for students to clear through the Dean of Students Office.

Students who register for either 1st or 2nd block-plan classes during the regular or late registration and desire to make a change must do so by February 19, 1965.

## 7. EXTRA FEE FOR EVENING CLASSES

An extra fee of \$3.00 per credit hour in addition to the regular tuition is required for all daytime students taking evening classes with section numbers 90 or above. Day students may register for these classes at the time they register for their day classes. Those registering for evening classes only will register, pay fees, and finalize at the Department of Evening Classes Office in the north end of the Herald R. Clark Building. The registration area may be reached by using the main northwest entrance. Will those registering for Evening Classes only please contact the Department of Evening Classes Office for registration dates. The Department of Evening Classes Office will be open until 9:00 p.m. on those dates.

The American history and government requirement applies to all candidates for the bachelor's degree. It may be satisfied by examination or by course work. The examination, which is optional, will be announced in the "Daily Universe" early in each semester. Students must place in the 90th percentile or above in order to be exempted from taking the course.

Students majoring or minoring in history, political science, economics, finance and banking, journalism, secondary education (social science) or elementary education take whichever of the following combinations is recommended for their field: History 120 and 121, History 120 or 121 and Political Science 110, or Economics 274 and Political Science 110. Other students may also elect these combinations instead of History 170. A student taking one of these combina-

tions may, for general education group-filling purposes, elect to apply either of the courses to the American history and government requirement and the other to the general education category in which the course is regularly listed.

## D. Graduate courses (catalog number 500 and above) and philosophy courses do not satisfy the general education requirements in religion.

E. See "Devotional Assemblies" in the University catalog, p. 195, for application of devotional credit.

## F. Interpretation of University Policy on General Education Religion Requirements:

### 1. Freshman and Sophomore Registrations

Although students at B.Y.U. may register for more hours in religion than required in the freshman and sophomore years, and have the extra hours count as elective credit toward graduation, no more than 10 hours in religion can be accumulated in the freshman and sophomore years toward the fulfillment of the University general education requirement in religion. A student must complete 6 hours toward the University requirement during the junior and senior years, part of which may be satisfied by the devotional credit. Although devotional credit may be taken in the freshman and sophomore years, as well as in the junior and senior years, it may not be applied toward the general education requirement in religion until the junior or senior year.

### 2. Transferees from L.D.S. Colleges

Transferees from Ricks College, the L.D.S. Business College, and the L.D.S. Church College in Hawaii have their credit in religion appraised as if it had been taken at B.Y.U. so far as the above rule is concerned. However, they may transfer no more than 6 semester hours for one year's work, or a maximum of 10 semester hours for two years' work, toward the satisfaction of the general education requirements in religion. (See "5" below.)

### 3. Transferees from Colleges Which Accept Institute Credit

Transferees from other colleges who present college transcripts of credit for Bible studies taken at L.D.S. Institutes of Religion shall receive full credit for such courses as if they had been taken at B.Y.U. (See "5" below.)

### 4. Transferees from L.D.S. Institutes

Transferees presenting institute credit in religion for courses other than those accepted by the adjacent college will be appraised as follows:

(a) The credit will be accepted on transfer only if the institute director certifies that the course was taken for institute credit and was covered in accordance with college standards, and providing the student does not present more than the maximum number of hours acceptable at B.Y.U. for a single semester when combining his college and institute credit. If the combined credit earned at a college and institute in a given quarter or semester exceeds that permitted at B.Y.U., which is 17 semester hours, the student must indicate to the Office of Admissions and Records the courses for which he desires to receive credit up to the prescribed limit. (See "Limitations on Credit on One Semester," p. 9, University catalog.) (b) A student may not transfer to B.Y.U. from institutes more than six semester hours for one year's work or ten semester hours for two years' work toward the satisfaction of the general education requirement in religion.

### 5. Application of Transfer Credit to B.Y.U. Requirements

Acceptable transfer credit (as per Items 2, 3, and 4 above) may be used to meet the requirements of 16 hours, but until the combined acceptable transfer credit and the B.Y.U. credit total 16 hours, 2 hours must be taken for each semester in residence at B.Y.U.

### 6. Fifth-Year Students

Students taking a fifth year of college work

will be held to the requirements of the catalog, namely two credit hours in religion for each semester in residence up to a total of sixteen semester hours.

**7. Two-Year-Degree-Seeking Students**

Students working toward special two-year degrees or certificates must satisfy the University requirement of 2 hours' credit in religion for each semester they are in residence up to the maximum of 16 semester hours.

**8. Special Students**

Special students must present 1 hour of credit in religion for each 8 hours of collegiate work completed as a special student. A special student should keep the ratio of 1 hour of religion for each 8 hours of collegiate work completed as a special student and shall be required to keep the rate current at the end of every two-year period. For any term in which a student registers as a regular student (10 hours or more) he must present 2 hours of credit in religion.

**9. Summer School**

A student is not required to register for a course in religion in Summer School; however, if he intends to apply the summer work toward graduation, he must present 1 hour of credit in religion for each 8 hours of summer work and 2 hours of credit in religion for each full summer's work in which he registers for 10 hours of credit or more (until he completes the requirement of 16 semester hours of credit in religion.)

**10. Definition of an Undergraduate**

A student will be considered an undergraduate, for the purpose of applying the above rules, until either he has received his undergraduate degree or has completed the requirements for graduation.

**11. Students Required to Study Off Campus**

Students who do part of their collegiate work off campus under the requirements of their respective departments will be required to have 2 hours' credit in religion for such semesters as they are off campus only when the University provides opportunities for the taking of such courses.

**12. Bible Credit from Non-L.D.S. Colleges and Universities**

Transfer students coming to B.Y.U. and bringing Bible credit obtained from accredited non-L.D.S. universities and colleges will have this credit accepted by B.Y.U., and it will be applied as elective credit toward the total hours required for graduation. However, regardless of the amount of Bible credit presented, it will not satisfy the general education requirements in religion, such transfer students being required to obtain 2 hours in religious instruction for each semester in residence on the B.Y.U. campus.

**13. Requirement in Religion for Credit Completed at Extension Centers**

When credit which is completed at Brigham Young University extension centers is applied toward graduation, the student must have completed one hour of credit in religion for every eight hours of academic credit which is applied toward graduation. No more than 12 hours of credit completed in religion at extension centers may be applied toward the total 16-hour requirement.

**11. COUNSELING SERVICE**

All students in the University, regardless of where registered, are to have the advantages of the Counseling Service. All new students in particular are

encouraged to check with the Counseling Service at some time during their first year at B.Y.U. to discuss the results of their orientation tests and other problems which they may have.

Staff members of the Counseling Service are professionally trained in counseling psychology and related disciplines. Such training enables them to offer professional assistance with problems ranging from the selection of a major and a vocation to rather intense emotional disturbance. Students utilizing the service can be assured of reliable professional assistance and complete confidentiality.

**12. LIMITATION OF CREDIT IN ONE SEMESTER**

Undergraduate students in good standing may register for as many as 17 hours of credit in any one semester by following the regular registration procedure. The dean of a college may authorize a student who has academic ability of high quality to register for a maximum of 18 hours for the first semester in residence and a maximum of 19 hours for any succeeding semester. Any student who has completed 15 or more hours of college work and who has a cumulative grade-point average of 3.5 (or a 3.5 average in the semester previous to registration) may register, with the consent of his dean, for 21 hours.

**Auditing of classes, registration by correspondence, or registering for evening classes, or off-campus courses constitutes a part of the student's total registration.** Any exceptions to the above rules shall be presented to the director of admissions and records by the dean of the college concerned.

**13. EVALUATION OF TRANSFER CREDIT**

At Brigham Young University a student has completed the general education requirements except religion and American history and government if he has graduated from any accredited, two-year collegiate institution having a pattern of general education similar to that at B.Y.U., providing that he presents satisfactory evidence of having completed these general education requirements. Also, a student has completed the general education requirements except religion and American history and government if he transfers to Brigham Young University from an accredited four-year college or university having a pattern of general education similar to that at B.Y.U., provided that he presents satisfactory evidence of having completed the general education requirements of his former college. Other students will have their transcripts evaluated in terms of the B.Y.U. program and will be notified as to what remains to be completed prior to or during their first semester at B.Y.U.

**14. MAJOR AND MINOR REQUIREMENTS**

At the time of his graduation the student must have completed at least twenty semester hours in his major. He must also have completed no fewer than fourteen semester hours in collateral or minor subjects selected from courses approved for this purpose by the department or departments offering these courses and approved by the chairman of his major department.

When the prospective graduate's high school and college work shows evidence of deficiencies in scholarship, breadth of training, or preparation for future activity, the chairman of the department, in consultation with the dean, may prescribe certain additional specified courses according to the needs of the particular student.

**15. CHANGING FROM ONE COLLEGE OR MAJOR TO ANOTHER**

The student who desires to transfer from one major to another, or from one college to another, may do so, but must clear this change through the deans of the colleges involved. Official change of college or major cards may be obtained from the office of the dean of the college in which the student presently is enrolled. After being properly signed, these cards must be turned in one month prior to the next semester's registration to the office of the dean of the student's new college.

## 16. WITHDRAWAL FROM THE UNIVERSITY

Students discontinuing registration at the University are required to clear their termination—first, through the office of their dean, and, second, with a member of the dean of students staff. Students withdrawing from the University after the third week must be doing passing work in their classes if they are to discontinue without academic failure. No student is officially discontinued from the University if he has not been signed out by a person authorized to do so by the dean of students. Single students under 21 discontinuing must have a letter signed by their parents authorizing their discontinuance before said discontinuance can be official.

## 17. WITHDRAWAL REFUNDS

In the event of withdrawal by a student, a refund will be made on the basis of a charge of \$10 (\$5 for a special student) plus a per-day charge of 1.4 per cent of the total tuition and fees paid or payable for the semester. The days charged will be the school days beginning with the first day of the semester on which classes were held following the date on which the student registered to the day on which the student reported his withdrawal to the Office of the Dean of Students, both days inclusive.

Any refund due a student because of withdrawal from school will be made only by check, through the mail, two weeks from the date on which the student reported his withdrawal and surrendered his receipt or activity card to the Office of the Dean of Students.

No refund will be granted to a student who is requested to withdraw for scholarship or other causes.

No refund will be made directly to an unmarried student under twenty-one years of age unless the student has the written permission of his parents or legal guardian.

## 18. REGISTRATION OF STUDENTS WHO HAVE RECEIVED A BACHELOR'S DEGREE

After proper admission, a student holding a bachelor's degree from four-year institution may register at Brigham Young University as follows:

- A. In the Graduate School under the regular requirements for an advanced degree.
- B. In the Graduate School as nondegree-seeking student.

## 19. REGISTRATION IN THE GRADUATE SCHOOL

A student who holds a bachelor's degree from a four-year accredited institution and who officially has been admitted or readmitted to the Graduate School for Spring Semester 1965 may register as follows:

### A. Nondegree-seeking students

Nondegree-seeking students register at the table of the graduate dean. His signature only is required on the final registration form. Students taking courses in the fields of education will be referred to the Graduate Department of Education for counsel before receiving the dean's signature on the final registration form. Courses taken on a nondegree-seeking basis prior to the semester in which a student is accepted in the degree-seeking program shall not apply toward a graduate degree.

### B. Degree-seeking students

Degree-seeking students, whether admitted on a provisional or a full degree-seeking basis, start their registration in the department in which they have been admitted.

1. Students who have not been assigned an advisory committee will register directly under the department chairman or the graduate faculty member designated by the chairman.
2. Students who have been assigned an advisory committee start their registration with the chairman of that committee whose signature is required before the final registration card is signed by the graduate dean.

Such students will be expected to complete at once, with the approval of the chairman of that committee, the official course outline form, to be secured at the Office of the Graduate Dean. This form lists the full program of course requirements for the graduate degree. When this is completed and approved, a copy should be forwarded to the Office of the Graduate Dean.

Graduate students spending full time on their academic programs are permitted to register for 9 to 16 semester hours of credit during Spring Semester. A registration overload is not permitted.

## 20. FACULTY REGISTRATION FOR COURSES OF STUDY

### A. Full-Time Teaching Faculty

Full-time teaching faculty will be granted remission of tuition with no limit as to the number of hours, except that a maximum of five hours of credit will be permitted during the daytime hours. Their wives are granted remission of tuition with no limit as to the number of hours, day or night. (Husbands of female faculty members are not granted this privilege.)

### B. Administrative Personnel

Full-time administrative personnel will be granted remission of tuition with no limit to the number of hours, except that a maximum of five hours of credit will be permitted during the daytime hours. Their wives are granted remission of tuition and fees, with no limit as to the number of credit hours, day or night. (Husbands of female administrative personnel are not granted this privilege.)

### C. Full-Time Permanent Staff

Full-time permanent staff members and their wives are granted remission of tuition up to five hours per semester, except that for the staff members these credits may not be taken during regular working hours. During the summer session the same program will be followed except that there will be a limit of three hours of credit per term. (Husbands of female staff members are authorized no remission of fees.)

### D. Part-Time Faculty

Part-time faculty members (not student teachers) are entitled to receive remission of tuition up to the number of hours which they teach, but not to exceed five hours. Spouses of part-time faculty members are not entitled to remission of tuition.

### E. Faculty members or their wives who register for course work should do so on registration day, according to the alphabetical order of the day. If faculty members register after the first week of the semester, they will be charged a late fee. Their wives will be charged a late registration fee if they register after registration day. Registration materials will be ready for those who have made clearance with the Office of Admissions and Records at least one week prior to registration.

### F. All part-time staff members must pay the regular fees for registration in courses.

## 21. FINAL EXAMINATIONS

No teacher shall be authorized to complete a final examination before the officially scheduled time in the final examination week.

A student who misses the final examination must have a good and sufficient reason for so doing and must have the consent of the instructor and the approval of the dean of his college. After meeting these requirements the student shall be given an incomplete which can be removed by later examinations within the official time limits established for incompletes and by the payment of a \$3.00 fee.

22. GENERAL FEES

The charge for noncredit courses or for auditing courses is the same as for credit courses. Noncredit courses taken by part-time students will be assessed on the basis of hours involved in lecture classes. For example, three hours of lecture a week would be considered three semester hours and would be charged for accordingly. Therefore, if a student were taking 8 credit hours plus a noncredit class involving two or more lecture hours per week, he would be considered a full-time student and must register as a full-time student. For courses in which no lecture hours are involved—for example, doctoral dissertations—tuition and fees will be handled on an individual basis, to be resolved later.

A fraction of an hour is counted as a full hour for assessing fees.

23. SPECIAL FEES

AUDITING FEES

The charge for auditing courses is the same as for taking them for credit.

LATE-REGISTRATION FEE

Late-registration fees will be assessed all regular and part-time students (NO EXCEPTION IS MADE REGARDLESS OF REASON FOR BEING LATE.)

2. After the fifth day following the scheduled registration date .....\$10.00

Late fees for special students will be assessed at fifty per cent of the rate for regular students.

If a student does not complete an incomplete course within one year from the date the incomplete grade was given, his grade for the course automatically becomes an "E."

Fee to be paid before incomplete is removed and permanent grade recorded. ....\$ 3.00

24. JUNIOR ENGLISH PROFICIENCY REQUIREMENT

Each student with more than sixty semester hours of credit who has completed his freshman composition requirement must take the Junior English Proficiency

Examination during the first semester in which he is eligible for it. If he fails this examination, he must take a noncredit remedial course during the next semester in which he is a full-time student to correct his deficiency before he may take the Proficiency Examination again. Passing this examination is a graduation requirement.

Since each student should have completed this examination requirement during his junior year, application for graduation will not be considered until the applicant has passed the Junior English Proficiency Examination, nor will the Teacher Certification Office accept an application to do student teaching until the applicant has passed the examination. Each prospective graduate must complete this examination requirement at least one month prior to graduation or postpone graduation until the next commencement.

The examination is a standard one which measures comprehensively the full range of skills involved in the process of good writing: organization, grammatical conventions, critical thinking, and effectiveness and appropriateness of expression. In one section of the examination the student is asked to identify an error or weakness in a passage and to show that he recognizes the error by selecting a revision from the four choices supplied which most satisfactorily solves the problem in relation to the purpose of the writing. In another section the student is asked to demonstrate his own ability to limit, organize, and develop a topic by writing a theme on a topic supplied by the examiner.

The Junior English Proficiency Examination will be given two times during Spring Semester: Saturday, February 13, 1965, and Saturday, April 10, 1965.

25. ACADEMIC STANDARDS

Students at Brigham Young University are expected to attain the following minimum grade-point average for their particular class in school:

Freshmen (students who have accumulated 31 semester hours of credit or less) are required to maintain a 1.75 (C-) grade-point average in order to be considered in good academic standing.

Sophomores, juniors, and seniors are required to maintain a 2.00 (C) grade-point average on all work beyond the first 31 semester hours of credit.

A student receiving a degree from Brigham Young University must have earned a cumulative grade-point average of 2.00 or a 2.00 grade-point average on all academic work taken after September 1960 before he will be allowed to register for the final semester or work leading to a degree. Grade-point averages are

computed on this basis: ("A" equals 4 grade points; "B" equals 3; "C" equals 2; "D" equals 1; and "E" "WE," and "UW" each equal 0.

Categories of academic status are as follows:

**WARNING.** A student whose B.Y.U. cumulative grade-point average is above the minimum standard required for his class (1.75 for freshmen and 2.00 thereafter) but whose grade-point average for the last semester was below the minimum will receive academic warning.

**PROBATION.** A student whose B.Y.U. record does not meet the minimum requirement and whose record shows a shortage of grade points will be placed on academic probation. Probationary students are not eligible for B.Y.U. scholarships or awards.

**SUSPENSION.** A student will be suspended from the University if at the end of any probationary semester his cumulative record at B.Y.U. shows a shortage of 12 grade points from that required and his current semester grade-point average is also deficient.

A student, whether on probation or not, will be subject to suspension if the Academic Standards Committee at any time determines that he is deficient in his academic achievements.

**26. STUDENT CLASSIFICATION**

**27. HONORS PROGRAM**

(See 1964-66 Catalog of Courses, pages 41-42.)

**28. SCHOLARSHIP RECOGNITION**

(See 1964-66 Catalog of Courses, page 24.)

**29. REQUIREMENTS FOR GRADUATION**

(See 1964-66 Catalog of Courses, pages 22-24.)

**30. COURSE DIVISIONS.** Courses of study are given numbers as follows:

Preparatory and remedial courses .....	1-99
Lower division courses .....	100-299
Upper division courses .....	300-499
Courses for graduates or advanced undergraduates .....	500-599
Graduate courses .....	600 and above

Freshmen and sophomores **should not** take courses with numbers above 299 unless approval has been obtained from the dean of their college.

# New Academic Information

## I. Revised Requirements for Freshmen Entering Fall Semester 1962 and Thereafter

Beyond the general education requirements outlined on pages 15-22 of the catalog, all students graduating from B.Y.U. are required to complete an additional nine semester hours: either (a) training equivalent to twelve semester hours of college credit in one foreign language, three of which may be counted as general education credit in humanities (hence, a nine-hour addition); or (b) training equivalent to nine semester hours of college credit in specified mathematics, statistics, logic, and science courses. Completing either (a) or (b) shall qualify a student for either the B.A. or the B.S. degree, whichever is appropriate in his area of study.

The following courses have been approved to satisfy the mathematics, statistics, logic, and science requirements for a B.S. or B.A. degree:

MATHEMATICS	STATISTICS	LOGIC	SCIENCE
All courses 105 and higher	Statistics 221	Hist. & Phil. of Rel. 381	Bacteriology — all courses
	Statistics 241	Hist. & Phil. of Rel. 382	Botany 110, 176, 321, 331, 376, 440, 450
Acct. 232	Statistics 330	Hist. & Phil. of Rel. 473	Zoology 176, 230, 261, 330, 363, 365, 376, 451
Acct. 332	Statistics 336	Physics 300	Chemistry — all courses
	Statistics 337		Physics 105, 106, 201, and all numbers above 201
	Statistics 432		Geology 111, 112, 252, 501
	Statistics 531		Psychology 374
	Psych. 370		
	(if accompanied by Math. 105)		

At least one course must be selected from an area other than that in which the student is majoring. This means that all nine hours may come from a department or three separate departments other than one's own major area. The same course cannot satisfy the general education and also the mathematics, statistics, logic, and science requirements.

The following courses have been approved to satisfy the language requirement for the B.A. Degree:

Chinese 101, 102, 201	Italian 101, 102, 201	Portuguese 101, 102, 201
French 101, 102, 201	Japanese 101, 102, 201	Russian 101, 102, 201
German 101, 102, 201	Latin 101, 102, 201	Spanish 101, 102, 201

## II. Repeating Classes

Following is a revised policy regarding the opportunity to repeat classes. Students may:

- Repeat at Brigham Young University courses taken at Brigham Young University.
- Repeat at Brigham Young University courses taken at other institutions.
- Repeat at other institutions courses taken at the same institution—and then have the credit transferred to Brigham Young University.

When a class has been repeated, the grade used in the calculation of the student's grade-point average is the grade earned the last time the repeated class was taken. The effective date on this policy is September 1, 1963. The student should notify the Records Office that the class has been repeated during the first semester following the semester in which the class is repeated.

## III. Class Attendance

The policy at Brigham Young University is that students will attend classes for which they are registered. Each class instructor may determine the relationship of class attendance to the final grade for the course. All officially excused absences must be approved through the Office of the Dean of Students.

## IV. Grade-Point Values

A	4.0	C	2.0
A—	3.7	C—	1.7
B+	3.4	D+	1.4
B	3.0	D	1.0
B—	2.7	D—	.7
C+	2.4	E	.0

## V. Traffic

- Out-of-state students may register their cars either in their home state or in Utah. If fees and taxes are paid in the home state, students will be exempt from payment in Utah.
- Students from out-of-state must register their cars on the campus. If the cars have been properly inspected, the students can get non-resident stickers from B.Y.U. for 50c and will not be required to purchase Utah license plates.

- Every student who is a resident of Utah and every nonresident student who is in Utah for more than sixty days is required to have a Utah operator's license before he may legally operate a motor vehicle on Utah's highways.

## VI. 1964-66 Catalog of Courses Changes

- Department of Economics (Page 199 of 1964-66 Catalog)

### 1. Requirements for a Major in the College of Business

Econ. 111, 112, 274, 311, 312, 453; two of the following: 511, 512, 515; and 12 additional hours in economics.

Statistics 221 and one of the following: a 3-semester-hour course in statistics, Math. 112, Acct. 332, or Econ. 589.

Math. 105 or 111. (Students who took Acct. 131 or Statistics 131 under the old catalog may use either of these courses to fill this requirement.)

Business Management 340 and 347.

Accounting 201, 202, and 342.

### 2. Requirements for a Major in the College of Humanities and Social Sciences

Econ. 111, 112, 274, 311, 312, 453; two of the following: 511, 512, 515; and 12 additional hours in economics.

Statistics 221 and one of the following: a 3-semester-hour course in statistics, Math. 112, Acct. 332, or Econ. 589.

Math. 105 or 111. (Students who took Acct. 131 or Statistics 131 under the old catalog may use either of these courses to fill this requirement.)

The minor requirement should include no fewer than 14 hours in a department in the College of Humanities and Social Sciences. Minors outside the College of Humanities and Social Sciences must be approved by the department chairman.

- College of Religious Instruction  
Paragraph 4C, page 20, of the 1964-66 Catalog of Courses should read as follows:

A student may not transfer to B.Y.U. from institutes more than six semester hours for

one year's work or more than ten semester hours for two years' work toward the satisfaction of the general education requirement in religion.

- C. **Registration** (page 9 of 1964-66 Catalog)  
Withdrawal from Classes, paragraph "b," should read as follows:

A student doing passing work in a course may drop the class between the **third** and **tenth** week if such action is recommended by the teacher, the student's adviser, and the dean of his college. A grade of "W" will be assigned for the class. A student

doing failing work in a course may drop the class after the first three weeks if he has the approval of his adviser and the dean of his college and the teacher's signature. A grade of "WE" will be assigned for each class so dropped. A "WE" grade counts the same as an "E" grade in computing the grade-point average.

- D. **Hispanic-American Studies Program**  
The Hispanic-American Studies Program as outlined in the 1964-66 catalogue has been revised significantly. For information on this revision contact the coordinator, Dixon Anderson, 327 McKay.

**FORUM AND DEVOTIONAL ASSEMBLIES**

Assemblies will be held in the fieldhouse each Tuesday and Thursday at 10 a.m. The Tuesday devotional and Thursday forum assemblies each will carry one credit hour per year or  $\frac{1}{2}$  credit hour per semester. To receive credit for either forum, which includes those assemblies presented by the student body, or devotional assemblies a student must register for and attend eleven each of either the forum or devotional assemblies offered each semester. He also must fill out and sign a final examination card that will be handed out on the last week a forum or devotional assembly is held in each semester.

During a student's college career at B.Y.U. he may apply a maximum of four semester hours of devotional credit toward his religion requirement. Such credit, however, cannot be substituted for the courses required in the first two years of religious instruction. (For full instruction on basic requirements in religion see Page 5 of this schedule.) Credit for forum assemblies may be counted only toward total credit for graduation.

These assemblies are designed to promote spiritual, intellectual, and cultural growth; and every student is encouraged to attend them.

# ACADEMIC REGULATIONS OF BRIGHAM YOUNG UNIVERSITY

Every student is responsible for knowing the academic regulations of Brigham Young University. Any proposed deviation from these regulations must be approved by the agency concerned, usually the Academic Regulations Committee. This committee meets twice each month in the office of the director of admissions and records.

## 1. HOW TO REGISTER

Report to the northeast entrance of the field-house 15 minutes before your scheduled registration time. Written instructions outlining the registration procedure will be given to you at that time.

## 2. FEES—WHERE PAID

Unless otherwise noted, all fees listed in this statement of regulations and procedures are to be paid at the Cashier's Office.

## 3. LATE REGISTRATION PENALTY

Students failing to register on the regularly scheduled registration dates pay a late registration fee of \$5.00 for the first five regular school days following the scheduled registration date. A \$10.00 fee will be assessed following that time. Late fees for special students will be assessed at 50 percent of the rate for regular students. A fraction of an hour is counted as a full hour for assessing fees.

## 4. ADMISSION TO CLASS

Instructors will receive rolls of students in their classes three days after the completion of regular registration. A subsequent roll will be sent out at the end of the fourth week and will include names of all students registering for that class. Students whose names appear on the rolls are officially registered; others should be referred immediately to the Registration Office, A-153 ASB, for completion of their registration.

## 5. REGISTERING FOR BLOCK-PLAN CLASSES

Regardless of whether or not a class is to be taught the first or second half of the semester, any student desiring to register for a block-plan class must do so at the time of his original registration at the beginning of the semester. No block-plan class may be added after Friday, October 1, 1965.

## 6. DROPPING AND ADDING CLASSES

Students should exercise great care in completing their initial registration. Making changes in registration results in inconvenience for the student and unnecessary costs for the University.

All changes in registration must be approved by the student's adviser, the instructor(s), and the dean of the college in which the student is officially enrolled. Changes in a student's original program may not be made until September 22. During the period from September 22 through October 1, a student may add and drop classes if his adviser, instructor(s), and dean agree that the change is advisable. When a student officially withdraws from a class during this period, his permanent record does not show a registration for that class. In exceptional cases students may withdraw from classes until November 24. **Withdrawals after October 1, however, are for emergency reasons only.** During this period if a student withdraws from a class in which he is doing passing work, his permanent record will carry a "W." If a student is doing failing work, his permanent record will carry a "WE," which is equivalent to an "E" grade in calculating a grade-point average.

In those cases where it is necessary for a student to make changes in registration, the following procedure should be followed:

- (1) Obtain a change-of-registration card from registration personnel, 249 ELWC, from September 22 to October 1.
- (2) Consult with your faculty adviser. If the adviser recommends the change, obtain his signature on the change-of-registration card.
- (3) Obtain the consent and signatures of the instructors involved.

(4) Obtain the consent and the signature of the dean of your college.

(5) Pay a one-dollar fee to the University cashier if the change is made September 22 or thereafter.

(6) Return the change-of-registration card to the registration personnel within three days from the time the card was originally issued.

Any person dropping a class in religion following the initial registration must also add another class in religion or present a signed statement from the dean of the College of Religious Instruction officially excusing him for that semester.

Late registration of students will end on October 1. No student (unless he has just been released from a mission or active duty with the Armed Forces) may register after that date.

Students completely withdrawing from school after October 1 must be doing passing work in each class if they are to discontinue the class without academic failure. In order to officially withdraw from the University it is necessary for students to clear through the Dean of Students Office.

Students who register for either 1st or 2nd block-plan classes during the regular or late registration and desire to make a change must do so by October 1, 1965.

## 7. EXTRA FEE FOR EVENING CLASSES

An extra fee of \$3.00 per credit hour in addition to the regular tuition is required for all daytime students taking evening classes with section numbers 90 or above. Day students may register for these classes at the time they register for their day classes. Those registering for evening classes only will register, pay fees, and finalize at the Department of Evening Classes offices in the Herald R. Clark Building. Those registering for Evening Classes only should contact the Department of Evening Classes office for registration dates.

## 9. AMERICAN HISTORY AND GOVERNMENT REQUIREMENT

The American history and government requirement applies to all candidates for the bachelor's degree. It may be satisfied by examination or by course work. The examination, which is optional, will be announced in the "Daily Universe" early in each semester. Students must place in the 90th percentile or above in order to be exempted from taking the course.

Students majoring or minoring in history, political science, economics, finance and banking, journalism, secondary education (social science) or elementary education take whichever of the following combinations is recommended for their field: History 120 and 121, History 120 or 121 and Political Science 110, or Economics 274 and Political Science 110. Other students may also elect these combinations instead of History 170. A student taking one of these combina-

tions may, for general education group-filling purposes, elect to apply either of the courses to the American history and government requirement and the other to the general education category in which the course is regularly listed.

## 10. GENERAL EDUCATION REQUIREMENTS IN RELIGION

Two semester hours in religion are required for each full-time registration at B.Y.U. up to a total of sixteen semester hours. Part-time students are required to complete one semester hour in religion for each eight hours carried at B.Y.U.

**A. Freshmen and transfer students commencing their first year at B.Y.U. are required to take the following:**

Religion 121, 122. Introduction to the Book of Mormon.

**D. Graduate courses (catalog number 500 and above) and philosophy courses do not satisfy the general education requirements in religion.**

**E. Devotional Credit** may be taken at the rate of one credit per year. Up to four hours of devotional credit may be used to fulfill the sixteen-hour religion requirement.

**F. Interpretation of University Policy on General Education Religion Requirements:**

**1. Freshman and Sophomore Registrations**

Although students at B.Y.U. may register for more hours in religion than required in the freshman and sophomore years, and have the extra hours count as elective credit toward graduation, no more than 10 hours in religion can be accumulated in the freshman and sophomore years toward the fulfillment of the University general education requirement in religion. A student must complete 6 hours toward the University requirement during the junior and senior years, part of which may be satisfied by the devotional credit. (See "E" above.)

**2. Two-year programs**, such as those offered through the General College and the College of Nursing, etc., will require only eight hours of religion even though a student may take longer than two years to complete the program. **Students enrolled in the fifth year bachelor's degree**, such as engineering, will not be required to take religion in their fifth year. They will, however, be held for the religion requirements up through the completion of the regular four-year program.

**3. Transferees from L.D.S. Colleges**

Transferees from Ricks College and the Church College of Hawaii have their credit in religion appraised as if it had been taken at B.Y.U. so far as the above rule is concerned. (See Rule 1.) However, they may transfer no more than six semester hours for one year's work or no more than ten semester hours for two years' work toward the satisfaction of the general education requirements in religion. (See Rule 6 below.)

**4. Transferees from Colleges Which Accept Institute Credit**

Transferees from other colleges who present college transcripts of credit for Bible studies taken at L.D.S. Institutes of Religion shall receive full credit for such courses as if they had been taken at B.Y.U. (See "6" below.)

**5. Transferees from L.D.S. Institutes**

Transferees presenting institute credit in religion for courses other than those accepted by the adjacent college will be appraised as follows:

(a) The credit will be accepted on transfer only if the institute director certifies that the course was taken for institute credit and was covered in accordance with college standards, and providing the student does not present more than the maximum number of hours acceptable at B.Y.U. for a single semester when combining his college and institute credit. If the combined credit earned at a college and institute in a given quarter or semester exceeds that permitted at B.Y.U., the student must indicate to the Office of Admissions and Records the courses for which he desires to receive credit up to the prescribed limit. (See "Limitations on Credit on One Semester," p. 9, University catalog.) (b) A student may not transfer to B.Y.U. from institutes more than six semester hours for one year's work or ten semester hours for two years' work toward the satisfaction of the general education requirement in religion.

**6. Application of Transfer Credit to B.Y.U. Requirements**

Acceptable transfer credit (as per Items 3, 4, and 5 above) may be used to meet the requirements of sixteen hours, but until the combined acceptable transfer credit and the

B.Y.U. credit total sixteen hours, two hours must be taken for each semester in residence at B.Y.U.

#### 7. Special Students

Special students must present one hour of credit in religion for each eight hours of collegiate work completed as a special student. A special student should keep the ratio of one hour of religion for each eight hours of collegiate work completed as a special student and shall be required to keep the rate current at the end of every two-year period. For any term in which a student registers as a regular student (ten hours or more) he must present two hours of credit in religion.

#### 8. Summer School

A student is not required to register for a course in religion in Summer School; however, if he intends to apply the summer work toward graduation, he must present one hour of credit in religion for each eight hours of summer work and two hours of credit in religion for each full summer's work in which he registers for ten hours of credit or more (until he completes the requirement of sixteen semester hours of credit in religion.)

#### 9. Definition of an Undergraduate

A student will be considered an undergraduate, for the purpose of applying the above rules, until either he has received his undergraduate degree or has completed the requirements for graduation.

#### 10. Students Required to Study Off Campus

Students who do part of their collegiate work off campus under the requirements of their respective departments will be required to have two hours' credit in religion for such semesters as they are off campus only when the University provides opportunities for the taking of such courses.

#### 11. Bible Credit from Non-L.D.S. Colleges and Universities

Transfer students coming to B.Y.U. and bringing Bible credit obtained from accredited non-L.D.S. universities and colleges will have this credit accepted by B.Y.U., and it will be applied as elective credit toward the total hours required for graduation. However, regardless of the amount of Bible credit presented, it will not satisfy the general education requirements in religion, such transfer students being required to obtain two hours in religious instruction for each semester in residence on the B.Y.U. campus.

#### 12. Requirement in Religion for Credit Completed at Extension Centers

When credit which is completed at Brigham Young University extension centers is applied toward graduation, the student must have completed one hour of credit in religion for every eight hours of academic credit which is applied toward graduation. No more than twelve hours of credit completed in religion at extension centers may be applied toward the total sixteen-hour requirement.

### 11. COUNSELING SERVICE

All students in the University, regardless of where registered, are to have the advantages of the Counseling Service. All new students in particular are encouraged to check with the Counseling Service at some time during their first year at B.Y.U. to dis-

cuss the results of their orientation tests and other concerns which they may have.

Staff members of the Counseling Service are professionally trained in counseling psychology and related disciplines. Such training enables them to offer professional assistance with problems such as the selection of a major or a vocation and personal or emotional problems. Students utilizing the service can be assured of reliable professional assistance and complete confidentiality.

### 12. LIMITATION OF CREDIT IN ONE SEMESTER

Undergraduate students in good standing may register for as many as 17 hours of credit in any one semester by following the regular registration procedure. The dean of a college may authorize a student who has academic ability of high quality to register for a maximum of 18 hours for the first semester in residence and a maximum of 19 hours for any succeeding semester. Any student who has completed 15 or more hours of college work and who has a cumulative grade-point average of 3.5 (or a 3.5 average in the semester previous to registration) may register, with the consent of his dean, for 21 hours. **Auditing of classes, registration by correspondence, or registering for evening classes, or off-campus courses constitutes a part of the student's total registration.** Any exceptions to the above rules shall be presented to the director of admissions and records by the dean of the college concerned.

### 13. EVALUATION OF TRANSFER CREDIT

At Brigham Young University a student has completed the general education requirements except religion and American history and government if he has graduated from any accredited, two-year collegiate institution having a pattern of general education similar to that at B.Y.U., providing that he presents satisfactory evidence of having completed these general education requirements. Also, a student has completed the general education requirements except religion and American history and government if he transfers to Brigham Young University from an accredited four-year college or university having a pattern of general education similar to that at B.Y.U., provided that he presents satisfactory evidence of having completed the general education requirements of his former college. Other students will have their transcripts evaluated in terms of the B.Y.U. program and will be notified as to what remains to be completed prior to or during their first semester at B.Y.U.

### 14. MAJOR AND MINOR REQUIREMENTS

At the time of his graduation the student must have completed at least twenty semester hours in his major. He must also have completed no fewer than fourteen semester hours in collateral or minor subjects selected from courses approved for this purpose by the department or departments offering these courses and approved by the chairman of his major department.

When the prospective graduate's high school and college work shows evidence of deficiencies in scholarship, breadth of training, or preparation for future activity, the chairman of the department, in consultation with the dean, may prescribe certain additional specified courses according to the needs of the particular student.

### 15. CHANGING FROM ONE COLLEGE OR MAJOR TO ANOTHER

The student who desires to transfer from one major to another, or from one college to another, may do so, but must clear this change through the deans of the colleges involved. Official change of college or major cards may be obtained from the office of the dean of the college in which the student presently is enrolled. After being properly signed, these cards must be turned in one month prior to the next semester's registration to the office of the dean of the student's new college.

## 16. WITHDRAWAL FROM THE UNIVERSITY

Students discontinuing registration at the University are required to clear their termination—first, through the office of their dean, and, second, with a member of the dean of students staff. Students withdrawing from the University after the third week must be doing passing work in their classes if they are to discontinue without academic failure. No student is officially discontinued from the University if he has not been signed out by a person authorized to do so by the dean of students. Single students under 21 discontinuing must have a letter signed by their parents authorizing their discontinuance before said discontinuance can be official.

## 17. WITHDRAWAL REFUNDS

In the event of withdrawal by a student, a refund will be made on the basis of a charge of \$10 (\$5 for a special student) plus a per-day charge of 1.4 percent of the total tuition and fees paid or payable for the semester. The days charged will be the school days beginning with the first day of the semester on which classes were held following the date on which the student registered to the day on which the student reported his withdrawal to the Office of the Dean of Students, both days inclusive.

Any refund due a student because of withdrawal from school will be made only by check, through the mail, two weeks from the date on which the student reported his withdrawal and surrendered his receipt or activity card to the Office of the Dean of Students.

No refund will be granted to a student who is requested to withdraw for disciplinary reasons.

No refund will be made directly to an unmarried student under twenty-one years of age unless the student has the written permission of his parents or legal guardian.

## 18. REGISTRATION OF STUDENTS WHO HAVE RECEIVED A BACHELOR'S DEGREE

After proper admission, a student holding a bachelor's degree from a four-year institution may register at Brigham Young University as follows:

- A. In the Graduate School under the regular requirements for an advanced degree.
- B. In the Graduate School as nondegree-seeking student.

## 19. REGISTRATION IN THE GRADUATE SCHOOL

A student who holds a bachelor's degree from a four-year accredited institution and who officially has been admitted or readmitted to the Graduate School for Spring Semester 1965 may register as follows:

### A. Nondegree-seeking students

Nondegree-seeking students register at the table of the graduate dean. His signature only is required on the final registration form. Students taking courses in the fields of education will be referred to the Graduate Department of Education for counsel before receiving the dean's signature on the final registration form. Courses taken on a nondegree-seeking basis prior to the semester in which a student is accepted in the degree-seeking program shall not apply toward a graduate degree.

### B. Degree-seeking students

Degree-seeking students, whether admitted on a provisional or a full degree-seeking basis, start their registration in the department in which they have been admitted.

1. Students who have not been assigned an advisory committee will register directly under the department chairman or the graduate faculty member designated by the chairman.
2. Students who have been assigned an advisory committee start their registration with the chairman of that committee whose signature is required before the final registration card is signed by the graduate dean.

Such students will be expected to complete at once, with the approval of the chairman of that committee, the official course outline form, to be secured at the Office of the Graduate Dean. This form lists the full program of course requirements for the graduate degree. When this is completed and approved, a copy should be forwarded to the Office of the Graduate Dean.

Graduate students spending full time on their academic programs are permitted to register for 9 to 16 semester hours of credit during Fall Semester. A registration overload is not permitted.

## 20. FACULTY REGISTRATION FOR COURSES OF STUDY

### A. Full-Time Teaching Faculty

Full-time teaching faculty will be granted remission of tuition with no limit as to the number of hours, except that a maximum of five hours of credit will be permitted during the daytime hours. Their wives are granted remission of tuition with no limit as to the number of hours, day or night. (Husbands of female faculty members are not granted this privilege.)

### B. Administrative Personnel

Full-time administrative personnel will be granted remission of tuition with no limit to the number of hours, except that a maximum of five hours of credit will be permitted during the daytime hours. Their wives are granted remission of tuition and fees, with no limit as to the number of credit hours, day or night. (Husbands of female administrative personnel are not granted this privilege.)

### C. Full-Time Permanent Staff

Full-time permanent staff members and their wives are granted remission of tuition up to five hours per semester, except that for the staff members these credits may not be taken during regular working hours. During the summer session the same program will be followed except that there will be a limit of three hours of credit per term. (Husbands of female staff members are authorized no remission of fees.)

### D. Part-Time Faculty

Part-time faculty members (not student teachers) are entitled to receive remission of tuition up to the number of hours which they teach, but not to exceed five hours. Spouses of part-time faculty members are not entitled to remission of tuition.

E. Faculty members or their wives who register for course work should do so on registration day, according to the alphabetical order of the day. If faculty members register after the first week of the semester, they will be charged a late fee. Their wives will be charged a late registration fee if they register after registration day. Registration materials will be ready for those who have made clearance with the Office of Admissions and Records at least one week prior to registration.

F. All part-time staff members must pay the regular fees for registration in courses.

## 21. FINAL EXAMINATIONS

No teacher shall be authorized to complete a final examination before the officially scheduled time in the final examination week.

A student who misses the final examination must have a good and sufficient reason for so doing and must have the consent of the instructor and the approval of the dean of his college. After meeting these requirements the student shall be given an incomplete which can be removed by later examinations within the official time limits established for incompletes and by the payment of a \$3.00 fee.

## 22. GENERAL FEES

L.D.S. Church Members, full time (over 9 credit hours)

	First Semester	Second Semester	School Year
Tuition and Fees .....	\$165	\$165	\$330

Nonmembers, full time (over 9 credit hours)

	First Semester	Second Semester	School Year
Tuition and Fees .....	\$220	\$220	\$440

Part-time Students (9 credit hours or less per semester, except graduate students)

(The tuition and fees paid as a part-time student do not entitle one to health service or student activity privileges.)

	L.D.S. Church Members	Nonmembers
Minimum tuition and fees .....	\$ 31.00	\$ 43.50
3 credit hours .....	43.00	60.00

The charge for noncredit courses or for auditing courses is the same as for credit courses. Noncredit courses taken by part-time students will be assessed on the basis of hours involved in lecture classes. For example, three hours of lecture a week would be considered three semester hours and would be charged for accordingly. Therefore, if a student were taking 8 credit hours plus a noncredit class involving two or more lecture hours per week, he would be considered a full-time student and must register as a full-time student. For courses in which no lecture hours are involved—for example, doctoral dissertations—tuition and fees will be handled on an individual basis, to be resolved later.

A fraction of an hour is counted as a full hour for assessing fees.

## 23. SPECIAL FEES

### AUDITING FEES

The charge for auditing courses is the same as for taking them for credit.

### LATE-REGISTRATION FEE

Late-registration fees will be assessed all regular and part-time students (NO EXCEPTION IS MADE REGARDLESS OF REASON FOR BEING LATE.)

1. First five regular school days following the scheduled registration date ..... \$5.00
2. After the fifth day following the scheduled registration date ..... \$10.00

Late fees for special students will be assessed at fifty percent of the rate for regular students.

Fee to be paid before incomplete is removed and permanent grade recorded. .... \$ 3.00

## 24. JUNIOR ENGLISH PROFICIENCY REQUIREMENT

Each student with more than sixty semester hours

of credit who has completed his freshman composition requirement must take the Junior English Proficiency Examination during the first semester in which he is eligible for it. If he fails this examination, he must take a noncredit remedial course during the next semester in which he is a full-time student to correct his deficiency before he may take the Proficiency Examination again. Passing this examination is a graduation requirement.

Since each student should have completed this examination requirement during his junior year, application for graduation will not be considered until the applicant has passed the Junior English Proficiency Examination. Each prospective graduate must complete this examination requirement at least one month prior to graduation or postpone graduation until the next commencement.

The examination is a standard one which measures comprehensively the full range of skills involved in the process of good writing: organization, grammatical conventions, critical thinking, and effectiveness and appropriateness of expression. In one section of the examination the student is asked to identify an error or weakness in a passage and to show that he recognizes the error by selecting a revision from the four choices supplied which most satisfactorily solves the problem in relation to the purpose of the writing. In another section the student is asked to demonstrate his own ability to limit, organize, and develop a topic by writing a theme on a topic supplied by the examiner.

The Junior English Proficiency Examination will be given two times during Fall Semester: Saturday, October 9, 1965, and Saturday, November 20, 1965.

## 25. ACADEMIC STANDARDS

Students at Brigham Young University are expected to attain the following minimum grade-point average for their particular class in school:

Freshmen (students who have accumulated 31 semester hours of credit or less) are required to maintain a 1.75 (C-) grade-point average in order to be considered in good academic standing.

Sophomores, juniors, and seniors are required to maintain a 2.00 (C) grade-point average on all work beyond the first 31 semester hours of credit.

A student receiving a degree from Brigham Young University must have earned a cumulative grade-point average of 2.00 or a 2.00 grade-point average on all academic work taken after September 1960 before he will be allowed to register for the final semester or work leading to a degree. Grade-point averages are

computed on this basis: ("A" equals 4 grade points; "B" equals 3; "C" equals 2; "D" equals 1; and "E" "WE," and "UW" each equal 0.

Categories of academic status are as follows:

**WARNING.** A student whose B.Y.U. cumulative grade-point average is above the minimum standard required for his class (1.75 for freshmen and 2.00 thereafter) but whose grade-point average for the last semester was below the minimum will receive academic warning.

**PROBATION.** A student whose B.Y.U. record does not meet the minimum requirement and whose record shows a shortage of grade points will be placed on academic probation. Probationary students are not eligible for B.Y.U. scholarships or awards.

**SUSPENSION.** A student will be suspended from the University if at the end of any probationary semester his cumulative record at B.Y.U. shows a shortage of 12 grade points from that required and his current semester grade-point average is also deficient.

A student, whether on probation or not, will be subject to suspension if the Academic Standards Committee at any time determines that he is deficient in his academic achievements.

# New Academic Information

## I. Revised Requirements for Freshmen Entering Fall Semester 1962 and Thereafter

Beyond the general education requirements outlined on pages 15-22 of the catalog, all students graduating from B.Y.U. are required to complete an additional nine semester hours: either (a) training equivalent to nine semester hours of college credit in specified mathematics, statistics, logic, and science courses; or (b) training equivalent to twelve semester hours of college credit in one foreign language, three of which may be counted as general education credit in humanities (hence, a nine-hour addition). Completing either (a) or (b) shall qualify a student for either the B.A. or the B.S. degree, whichever is appropriate in his area of study.

The following courses have been approved to satisfy the mathematics, statistics, logic, and science requirements for a B.S. or B.A. degree:

### MATHEMATICS

All courses 105 and higher

Acct. 232

Acct. 332

### STATISTICS

Statistics 221

Statistics 241

Statistics 330

Statistics 336

Statistics 337

Statistics 432

Statistics 531

Psych. 370

(if accompanied by Math. 105)

### LOGIC

Philosophy 381

Philosophy 382

Philosophy 473

Physics 300

### SCIENCE

Bacteriology — all courses

Botany 110, 276, 321, 331, 376, 440, 450

Zoology 276, 230, 261, 330, 363, 365, 376, 451

Chemistry — all courses

Physics 105, 106, 201, and all numbers above 201

Geology 111, 112, 252, 501

Psychology 374

At least one course must be selected from an area other than that in which the student is majoring. This means that all nine hours may come from a department or three separate departments other than one's own major area. The same course cannot satisfy the general education and also the mathematics, statistics, logic, and science requirements.

### LANGUAGES

The following courses have been approved to satisfy the language requirement for the B.A. or the B.S. degree:

Arabic 101, 102, 201

Chinese 101, 102, 201

French 101, 102, 201

German 101, 102, 201

Greek 101, 102, 201

Hebrew 101, 102, 201

Italian 101, 102, 201

Japanese 101, 102, 201

Korean 101, 102, 201

Latin 101, 102, 201

Norwegian 101, 102, 201

Portuguese 101, 102, 201

Russian 101, 102, 201

Spanish 101, 102, 201

Students who have had high school language experience are encouraged to take the Language Department examinations for advanced placement. (See Orientation Schedule for time and place of placement exams.) Successful completion of a 201 language class or one more advanced class will fulfill the foreign language requirement for graduation. Special sections of language classes are offered for those with high school language training or previous language experience.

## II. Repeating Classes

Following is a revised policy regarding the opportunity to repeat classes. Students may

- Repeat at Brigham Young University courses taken at Brigham Young University.
- Repeat at Brigham Young University courses taken at other institutions.
- Repeat at other institutions courses taken at the same institution—and then have the credit transferred to Brigham Young University.

When a class has been repeated, the grade used in the calculation of the student's grade-point average is the grade earned the last time the repeated class was taken. The effective date on this policy is September 1, 1963. The student should notify the Records Office that the class has been repeated during the first semester following the semester in which the class is repeated.

## III. Class Attendance

The policy at Brigham Young University is that students will attend classes for which they are registered. Each class instructor may determine the relationship of class attendance to the final grade for the course. All officially excused absences must be approved through the Office of the Dean of Students.

## IV. Grade-Point Values

A	4.0	B—	2.7	D+	1.4
A—	3.7	C+	2.4	D	1.0
B+	3.4	C	2.0	D—	.7
B	3.0	C—	1.7	E	.0

## V. Traffic

- Out-of-state students may register their cars either in their home state or in Utah. If fees and taxes are paid in the home state, students will be exempt from payment in Utah.
- Students from out-of-state must register their cars on the campus. If the cars have been properly inspected, the students can get non-resident stickers from B.Y.U. for 50c and will

not be required to purchase Utah license plates.

- Every student who is a resident of Utah and every nonresident student who is in Utah for more than sixty days is required to have a Utah operator's license before he may legally operate a motor vehicle on Utah's highways.
- Every student who owns or operates a motor vehicle within Provo City at anytime during the academic year must register said vehicle(s) with the University Security Office. Failure to register a motor vehicle is a violation of the University Traffic Regulations.
- Students will be granted permits to park on campus only when they present receipts from the University Cashier's Office showing that the correct parking fee has been paid.

## VI. 1964-66 Catalog of Courses Changes

- Department of Economics (Page 199 of 1964-66 Catalog)

### 1. Requirements for a Major in the College of Business

Econ. 111, 112, 274, 311, 312, 453; two of the following: 511, 512, 515; and 12 additional hours in economics from courses numbered 300 or above.

Statistics 221 and one of the following: a 3-semester-hour course in statistics, Math. 112, Acct. 332, Econ. 589 or Econ. 488.

Business Management 340 and 347.

Accounting 201, 202, and 342.

### 2. Requirements for a Major in the College of Humanities and Social Sciences

Econ. 111, 112, 274, 311, 312, 453; two of the following: 511, 512, 515; and 12 additional hours in economics from courses

numbered 300 or above.

Statistics 221 and one of the following: a 3-semester-hour course in statistics, Math. 112, Acct. 332, Econ. 589 or Econ. 488.

Math. 105 or 111. (Students who took Acct. 131 or Statistics 131 under the old catalog may use either of these courses to fill this requirement.)

The minor requirement should include no fewer than 14 hours in a department in the Colleges of Humanities and Social Sciences. Minors outside the Colleges of Humanities and Social Sciences must be approved by the department chairman.

#### B. College of Religious Instruction

Paragraph 4C, page 20, of the 1964-66 Catalog of Courses should read as follows:

A student may not transfer to B.Y.U. from institutes more than six semester hours for one year's work or more than ten semester hours for two years' work toward the satisfaction of the general education requirement in religion.

#### C. Registration (Page 9 of 1964-66 Catalog)

Withdrawal from Classes, Paragraph "b," should read as follows:

A student doing passing work in a course may drop the class between the **third** and **tenth** week if such action is recommended by the teacher, the student's adviser, and the dean of his college. A grade of "W" will be assigned for the class. A student doing failing work in a course may drop the class after the first two weeks if he has the approval of his adviser and the dean of his college and the teacher's signature. A grade of "WE" will be assigned for each class so dropped. A "WE" grade counts the same as an "E" grade in computing the grade-point average.

#### D. Latin-American Studies Program

The Latin-American Studies Program as outlined in the 1964-66 catalog has been revised significantly. For information on this revision contact the acting coordinator, Merlin Compton, 332 McKay.
